

DRAFT RECALL NOTICE

PRODUCT DESCRIPTION

Amor Roller Blinds both Single and Double Roller Blinds. Supplied by Zone Hardware to Bunnings from Feb. 09.

RETAILER

Bunnings

HAZARD

Strangulation if installed incorrectly. Please refer to WHAT TO DO.

WHAT ARE THE DEFECTS

Blind operational and warning tag and installation instructions do not comply with current safety requirements.

WHAT TO DO

Disregard the instruction in the warning and operational tag which refers to the placement of the tensioning device 1.6m from the floor. Following this installation advice may lead to the beaded looped cord posing a strangulation hazard. To prevent this fasten the tensioning device to the wall or architrave in a position that ensures the beaded cord is kept taut at all times.

Installation instructions show 2 screws to install the tensioning device. To install the tensioning device correctly use 4 screws to effectively secure the device.

Contact Zone Hardware and new operational and warning tags and installation instructions will be sent out to you.
