

Product Safety Recall

Do you own this product?

Maxell CR-1616 Micro Lithium Battery

These batteries are inserted into a variety of devices, including car remotes.

Dates sold: 23/06/2022 – 20/09/2023

Why the product is recalled: The product does not comply with the mandatory standards for button/coin batteries.

The product does not include the required warning information.

Hazard: There is a risk of choking, severe internal burn injuries or death to young children if they gain access to the button/coin batteries.

This can occur within 2 hours of swallowing or placing them into their bodies.

1. Consumers should place the product out of reach of children.
2. Consumers should return the product to their place of purchase for a refund or for the warning stickers to be applied to the product.

Ask our staff to find out more about the recall.
