**Why the product is recalled:** Affected earmuffs may crack on the exterior surface of the cups and reduce the hearing protection effectiveness.

**Hazard:** There is a risk of over-exposure to noise and possible hearing damage depending on the environment the earmuffs are used in.

1. Consumers should immediately stop using the product and locate the model ID and manufacturing date printed on the outside of the earmuff cup. If your earmuff is an affected model and the manufacturing date is between 03/2020 and 09/2022 continue to step
2. Contact the place of purchase to arrange return of the earmuff and exchange for a replacement product (if available), alternative product, credit or refund.
