

Product Safety Recall

Bean Bag Cover

Sold by Choosy
between 14 July 2015 and 26 March 2020

Defect The product does not comply with the 'Consumer Goods (Bean Bags) Safety Standard 2014. Consumer Protection Notice No. 4 of 2014 as amended'. The product does not have the correct warning label attached and a paper clip was supplied with the product.

Hazard Incorrect labelling may result in the misuse of the product. If the paper clip is attached to the zipper and children are able to use the child resistant fastener, polystyrene beans may pose a choking or suffocation hazard for infants and young children.

What to do Choosy will contact customers and ask them to check whether their bean bag cover's warning label conforms to the requirements of the mandatory standard. If the label is not correct, a new warning label will be supplied to be placed over the old label. The customer will also be advised to remove the paper clip if they attached it to the zipper.

Choosy will provide instructions on how to affix the new label and remove the paper clip.

If customers are unable to affix the label themselves, they can organise to return the bean bag cover to the supplier to have the correct label affixed and returned to them.

Contact details Customers can contact Choosy by email at info@choosy.com.au
